ORDINARY COUPLES / EXTRAORDINARY LIVES

BY MARK LEE

Director: Mark A Lee

2008, 95 Minutes, USA

Created by Indianapolis photographer Mark A. Lee, *Ordinary Couples / ExtraOrdinary Lives!* takes a look at 10 same sex couples (5 male and 5 female) who have been together for 10 years or more. Filmed in front of a live audience at the University of Indianapolis, the couples have been together from 10 to 55 years. Each couple talks about everything from the coming out process, to faith, raising families, and taking care of your partner in the golden years, in a fun and entertaining way.
